

## Experience Movement

The modular tile design offers great versatility, allowing for easy personalization of brand and culture. Its adaptable system lets you add, replace, or remove units, with options for different patterns, colors, and materials. This flexibility turns ordinary walls into artistic statements, offering endless possibilities to showcase your unique story and design.

## Material Specifications

[illegible]

Page 3

# Dimensions

## Standard Unit Dimensions

Typical ranges for height and width.

## Custom Opportunity

Product dimensions can be manipulated in order to fit your design aesthetic and site conditions.

## Standard Unit Thicknesses

Thickness is dependent on material layer selection.

## Product Details

## Configuration Options

*The layouts shown are a summation of individual units. Individual units may be assembled in various arrangements to dictate the larger design. Configurations shown are suggested, but can be rearranged to achieve a custom layout.*

**Patterned**

**Random**

## Installation Options\*

All products and installation methods can be **customized** to meet the unique requirements of your space.

### Adhesive Direct Advantages

Attachment solution using an adhesive to apply directly to an existing surface or substrate.

- + Fastest installation time
- + No gap between target surface and product
- + Lowest profile installation option
- + Easiest to install
- + Most versatile installation option

Available methods: Construction Adhesive, Peel & Stick, Custom

### Mechanical Direct Advantages

Attachment solution using physical hardware to attach to an existing surface or substrate.

- + No clamping or dry time necessary
- + Easy to remove and does not damage the substrate when removed
- + Most appropriate installation solution for heavier products
- + Provides an opportunity for an air gap, which can increase the acoustic value of a product

Available methods: Z-Clips, Panel Clips, Standoffs, Screw & Washer, Magnet, Custom

\*Not all listed attachment methods may be applicable to this product.

# Material Layers

## Soundcore®

Our recycled PET felt creates an acoustic barrier, defending against wandering white noise and irritating echoes.

**Single Layer**  
½" Thickness

## PoshFelt® Exposed Edge

100% organic, natural wool design felt brings out the best experience in your space with color, comfort, and simple sustainability. Exposed edge products leave the Soundcore® layer uncovered, allowing for unique color combinations.

**Multi-Layer**  
Adds ⅛"-¼" to Material Thickness

## Soundcore® Wood Textures

Soundcore® wood textures provide the natural aesthetic of wood while maintaining all the acoustic benefits of PET felt. Custom texture opportunities are also available upon request.

**Single Layer**  
½" Thickness
