GREEN BRAND

INTRODUCTION

The Plantscape Green Brand collection imitates the natural growth of climbing vines as it creates a lovely backdrop for your company branding. This visual messaging reassures any visitor of your clean and conscious values.

EXPERIENCE MOVEMENT

Picture the path of a vine growing along the side of a wall. Can you predict the next move? Feel the pull of the vines lead you along the path it follows. Notice how it creates frames around spaces letting those shine through. Imagine the natural framing for your brand as it nudges your visitors in the right direction.

THERMALEAF® FOLIAGE SYSTEMS

We offer foliage systems for every project and environment type, ranging from live plants to preserved options, to long-lasting replica greenery. Interior vegetation must pass strict fire codes, and ThermoLeaf® greenery ensures fire code compliance as the safest commercially available foliage - that means complete design flexibility with guaranteed feasibility.

REPLICA GREENERY

Replica greenery is the most versatile indoor foliage system, with a massive variety of plant types that can be mixed and matched regardless of atmospheric conditions.

ONGOING COSTS	● ○ ○ ○ ○

PRESERVED GREENERY

Preserved greenery maintains the appearance of live plants with less ongoing maintenance. While not every plant can be preserved, certain fronds and reindeer moss remain incredibly popular choices.

LIVE GREENERY

Live greenery has a soothing presence and invokes a greater sense of wellness and sustainability. Some conditions may limit the viability of live greenery, as it is climate-sensitive and requires ongoing care.

SPECIFICATIONS

PRODUCT ID	BIO-BRG-001
CONTENT	ThermaLeaf® Inherently Fire Retardant Foliage, Soundcore® Recycled PET Acoustic Felt
DURABILITY	Impact resistant, shock absorbant
WEATHERING	Non-deteriorating, non-hygroscopic, colorfast
MAINTENANCE	Clean with vacuum or light dusting
WARRANTY	Comes with industry-leading standard warranty
ENVIRONMENTAL	LEEDv4, VOC free, 100% recyclable, non-toxic, non-allergenic, anti-microbial
INSTALLATION	Plantscape Installation Systems are product specific
ACOUSTICS	Provides acoustic dampening
FLAMMABILITY	ASTM E84: Class A
SUSTAINABILITY	Made from 60% recycled content and is 100% recyclable

OUR MISSION

CELEBRATE NATURE THROUGH DESIGN

For over forty-five years, our mission has been to reconnect people with the experience of the natural world. For many, opportunities to enjoy lush environments are rare, and that lack of connection can take a toll on your sense of well-being. We are leading the charge into the future of biophilic design by creating transportive green experiences within everyday environments that harmonize with the context of your space.

We continue to innovate in our industry, designing the most botanically accurate, safest, and most durable replica greenery commercially available. Our project portfolio spans 75+ countries around the world, and we remain one of the top competitors in commercial greenery.
