# MOON BEAM

## INTRODUCTION

The Plantscape Moon Beam collection is an abstract view of a jungle in the dark. The branches weave in and out of each other and create dark lines in the sky as the negative space gets filled with leaves and other life. It expresses the density and intricacy of a jungle without literal representation creating a unique and lively focus wall for your space.

## EXPERIENCE DENSITY

The trees in a jungle create many different shapes as they mesh into one in the dark. The negative shapes they create are almost geometric and none is like the one before. The closer you get the more you will see appear in the light blocks.

## THERMALEAF® FOLIAGE SYSTEMS

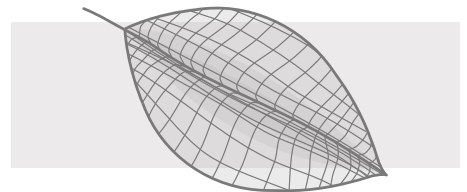

We offer foliage systems for every project and environment type, ranging from live plants to preserved options, to long-lasting replica greenery. Interior vegetation must pass strict fire codes, and ThermoLeaf® greenery ensures fire code compliance as the safest commercially available foliage - that means complete design flexibility with guaranteed feasibility.

### REPLICA GREENERY

Replica greenery is the most versatile indoor foliage system, with a massive variety of plant types that can be mixed and matched regardless of atmospheric conditions.

INITIAL COST	● ● ● ● ○
ONGOING COSTS	● ○ ○ ○ ○

### PRESERVED GREENERY

Preserved greenery maintains the appearance of live plants with less ongoing maintenance. While not every plant can be preserved, certain fronds and reindeer moss remain incredibly popular choices.

### LIVE GREENERY

Live greenery has a soothing presence and invokes a greater sense of wellness and sustainability. Some conditions may limit the viability of live greenery, as it is climate-sensitive and requires ongoing care.

## SPECIFICATIONS

<b>PRODUCT ID</b>	BIO-GWG-001
<b>CONTENT</b>	Soundcore® Recycled PET acoustic felt, Thermaleaf® Inherently Fire Retardant Foliage, and Elements veneered Recycled PET Acoustic Felt
<b>DURABILITY</b>	Impact resistant, shock absorbant
<b>WEATHERING</b>	Non-deteriorating, non-hygroscopic, colorfast
<b>MAINTENANCE</b>	Clean with vacuum or light dusting
<b>WARRANTY</b>	Comes with industry-leading standard warranty
<b>ENVIRONMENTAL</b>	LEEDv4, VOC free, 100% recyclable, non-toxic, non-allergenic, anti-microbial
<b>INSTALLATION</b>	CSI Installation Systems are product specific (see Installation page)
<b>ACOUSTICS</b>	0.60 NRC
<b>FLAMMABILITY</b>	ASTM E84: Class A
<b>SUSTAINABILITY</b>	Made from 60% recycled content and is 100% recyclable

## OUR MISSION

## CELEBRATE NATURE THROUGH DESIGN

For over forty-five years, our mission has been to reconnect people with the experience of the natural world. For many, opportunities to enjoy lush environments are rare, and that lack of connection can take a toll on your sense of well-being. We are leading the charge into the future of biophilic design by creating transportive green experiences within everyday environments that harmonize with the context of your space.

We continue to innovate in our industry, designing the most botanically accurate, safest, and most durable replica greenery commercially available. Our project portfolio spans 75+ countries around the world, and we remain one of the top competitors in commercial greenery.
