CLAY POT

INTRODUCTION

The CSI Creative Earth Clay Pot is inspired by African clay pots and carries greenery along a wall side. The configuration is entirely customizable so there is not risk in adding these to your space for added life and color. Customize your greenery and create a unique feature element for your space.

OUR MISSION

EXPERIENTIAL SPACES

Our goal is to create spaces that feel better.

It's easy to visualize a space with architectural acoustics, but even the most detailed renderings couldn't convey the experience of actually being there. When sound is properly controlled within a space, it creates focus and calmness that you can actually feel. We want to help you turn off the droning machinery in the back of your mind. We fabricate custom solutions that visually suit your space while building towards a more soothing holistic experience. This creates spaces where people want to be – where they want to work, where they want to sleep, exercise, create, study, and relax.
